SUBJECT: USE OF COUNTY ELECTRONIC DEVICES AND TELECOMMUNICATION ACCESS

EFFECTIVE DATE: December 16, 2009

SUPERSEDES: NEW

PURPOSE AND POLICY

It is the policy of the Hillsborough County Board of County Commissioners ("BOCC") that Commissioners’ Aides, and interns and volunteers working with the BOCC or individual Commissioner’s office (hereinafter “covered persons”) adhere to the guidelines below to ensure their acceptable use of County owned/leased electronic, computer and telecommunication devices and equipment, including access to and use of the internet and electronic mail (e-mail).

All County owned or leased electronic devices, telecommunication devices, wireless communication devices, internet, and County e-mail are to be used as business tools for reasons that are necessary for the accomplishment of a covered person’s duties and assignments. In certain circumstances, personal use of such devices may be permissible. Each covered person is responsible for ensuring he or she fully understands and complies with his or her Commissioner’s expectations with regard to the appropriate volume and nature of any personal use of the County’s internet, e-mail and other electronic and telecommunication devices and equipment. Any intern or volunteer working with the BOCC shall ensure he or she fully understands and complies with the Chairperson’s expectations with regard to the appropriate volume and nature of any personal use of the County’s internet, e-mail and other electronic and telecommunication devices and equipment.

Covered persons shall promptly reimburse the County for any personal use that results in costs or expenses to the County.

Covered persons must immediately report damaged, lost or stolen electronic or telecommunication devices to the Commissioner for whom they work (or, in the case of an intern or volunteer working for the BOCC, this report is to the Chairperson).

Should the County issue a GPS-capable electronic or telecommunication device to a covered person, the Commissioner and the covered person will discuss the appropriate use of the device prior to the covered person utilizing the device. In the case of an intern or volunteer working for the BOCC, this discussion is with the Chairperson.
